

Limited Warranty

Manufacturer warranty for a period of 5 years when the following conditions are met:

1. Mixing of catalyst was performed according to directions on label
2. Liquid Rubber was applied to a sound roof surface according to application instructions and resulted in a dry film thickness of approx 20 mil.
3. Failure was not caused by accident, fire, hurricane, tornado or deterioration of the original construction materials
4. Liquid Rubber was not applied over an asphalt coating or silicone caulk
5. Customer can supply proof to establish estimated date of fuse. This will only become a requirement after 2011
6. Customer submits samples of failed membrane and a description of the roof construction (i.e. metal, fiberglass rubber etc.) when making a warranty claim. The membrane is deemed to have failed if it loses adhesion, cracks, erodes or otherwise fails to perform an effective weather barrier for the substrate to which it was applied. The substrate must remain in a sound and stable condition;

This warranty is in place of any implied warranty of merchantability and all other warranties expressed or implied. Manufacturer will replace a supply of sufficient amount to complete the repair of the damage freight pre-paid when the above conditions are met and failure occurs any time within a 5 year period time of application. This warranty is limited to the replacement of material only. Since the manner and condition of application are beyond our control, neither the seller nor manufacture shall be liable for any injury loss or damage, direct or consequential arising out of the use or inability to use the product.
